certificate no. 20010965701

The HRD Certificates Department is BELTEST accredited for the quality examination of polished diamonds under ref. N° 047.

This certificate may not be reproduced by any means whatsoever unless complete.

The stone in accordance with the above mentioned number has been identified as a natural gem diamond and has the following description :

shape **brilliant**
weight **1.07 ct**
measurements **6.32-6.38mm x 4.21mm**

luminescence
lw 366 nm **strong blue**
sw 254 nm **medium blue**

colour
description **LIGHT GREYISH PINK,
NATURAL COLOUR**

gemmologists

The here mentioned findings result from scientific measurements and observations carried out in the laboratory of the Diamond High Council and, when necessary, in the "Solid State Physics" laboratory of the University of Antwerp (RUCA).
The decisions are taken according to the knowledge and literature about colour and colour treatment of diamonds known at the time of the examination.
